*From the 2010 President...*

As we wrap up another year, your Henderson I.S.D. Education Foundation is proud to have supported the students and teachers in 2010. Through the support of the community, we were able to award teachers grants so they may enhance the learning experience for their students. The Hale Scholarship Fund, administered by the Education Foundation, was once again able to begin or continue college-level education for many H.I.S.D. graduates.

I want to personally thank you for opportunities. I am looking forward to serving H.I.S.D. and the Education Foundation as we continue the Tradition of Excellence.

*Looking Back, Moving Forward...*

For the past twelve years, the Henderson I.S.D. Education Foundation has been a strong supporter of the students and educational programs of our district. The generous donations from contributors have allowed us to make a difference in the lives of our students. As a result of teacher grant awards, innovative instructional strategies have improved student achievement in all areas and grade levels. In addition, Henderson High School students have been given the opportunity to earn advanced degrees as Hale Scholarship recipients.

As the face of school funding in Texas continues to change in these uncertain times, school districts rely more heavily on community support for educational programs. Investing in the H.I.S.D. Education Foundation is an investment into the future of our children and our community. Join the Foundation as we continue to strive toward excellence.

*Stacey Sullivan*  
*Executive Director*
